MyTriageChecklist

USE THIS SCHMITT-THOMPSON POWERED ELECTRONIC CHECKLIST TO MANAGE DAYTIME PATIENT PHONE CALLS

3 EASY STEPS TO PROVIDE HIGH QUALITY PATIENT CARE

| Step 1	Step 2	Step 3
Patient calls in. Nurse enters symptom "keywords" to quickly access the correct protocol.	Nurse uses protocol checklist to ask all the right questions and direct the patient to the appropriate level of care.	The system documents all the call details as the nurse handles the call.

✓ Up-and-running in less than 30 minutes

✓ Get patients to the right place at the right time

✓ Standardize and document every patient phone call

✓ Works with any paper-based or EMR system

✓ Fast and efficient interface

✓ Point and click documentation

✓ Email/text handouts and care advice

✓ Smart copy and past to EMR

✓ Medication dosage chart

✓ Override disposition

✓ Custom provider preferences*

✓ Reports and analytics*

*Extra charges may apply

> "After implementing Office Triage Solution (myTriageChecklist), we noticed improved nurse productivity and job satisfaction, along with increased standardization in the way calls are being processed in our office. The technology is simply a 'win-win' for everyone.

MyTriageChecklist

USE THIS SCHMITT-THOMPSON POWERED ELECTRONIC CHECKLIST TO MANAGE DAYTIME PATIENT PHONE CALLS

RAVI K. RAHEJA, MD
Medical Director & COO

Founded in 2005, TriageLogic®, is a URAC accredited, physician-led provider of high quality telephone nurse triage services, triage education, and software for telephone medicine. The TriageLogic Group serves physicians nationwide and covers millions of lives.

MYTRIAGECHECKLIST ALSO DELIVERS

Consistent telephone assessment and care advice – myTriageChecklist helps nurses deliver consistent and thorough documentation of every call, regardless of which staff member answers or the time of day.

TriageLogic's myTriageChecklist works with your existing EMR system – Call documentation can easily be printed or transferred to your existing EMR system.

Valuable staff training and improved patient care – Triage protocols are also a training tool for new nurses, helping them get up to speed with minimal time investment from senior nursing staff.

Simple, reliable, web-based solution – Nursing staff can download and start using myTriageChecklist in 30 minutes or less. No hardware or IT support needed. Free live demos and training are available, and full support is included for for as little as $20 per month; no long-term commitment required.
