Corporate Overview

TriageLogic is a URAC-accredited, physician-led provider of high-quality nurse telehealth services and Remote Patient Monitoring (RPM).

Remote Patient Monitoring

Clinical and nonclinical staff track vitals from health monitoring-wearables to remotely evaluate chronically ill patients. Prevent readmissions by catching worsening events sooner.

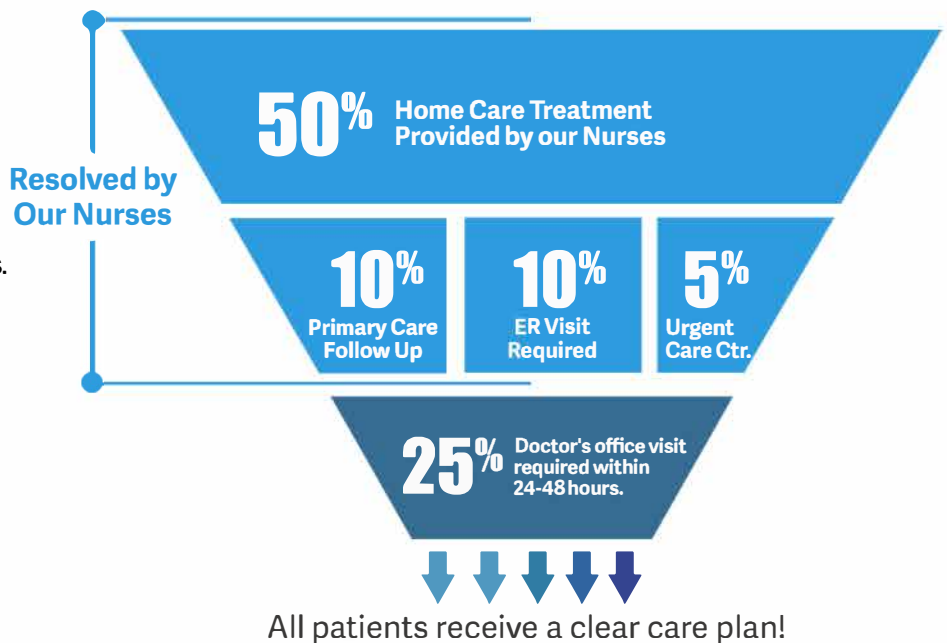

Dollars Saved

Over **65%** of patients that think they need to go to the ER can actually be treated elsewhere.

Lives Saved

Over **10%** of patients underestimate the need to go to the ER to address their symptoms.

Access to Free Nurses Encourages Utilization. Every 3 out of 4 Calls are Resolved by the Nurse.
